The Right Solution For Any Campus,

OneCard™ Solution

Heartland's OneCard™ is a campus card solution built to fulfill the needs of your students and staff with one card, from one source.

- Wide array of transaction support available including dining, bookstore, vending, laundry, print management and more
- Reliable access control, security, incident reporting, disbursements
- Systems fully expandable to grow with your campus
- Turn an expense into a profit center
 - Enables seamless purchase transactions across the campus with a single card

ID Cards & Security Features

We offer ID cards that are customizable, durable and secure to meet your specific application and need.

Including:

- Inkjet Printable Cards
- Blank and Pre-printed PVC Cards
- Proximity Cards
- Smart Cards
- Name Badges

Enhance the security of your cards against fraudulent use with:

- Disappearing Inks
- Holographic Security Layers
- Embedded Security Marks
- Oversized and Custom Shaped Cards

Every Need!

PremiSys ID Pro™ Badging System

The professional ID badging system with the features you want and the security you need.

- **Create ID badges with a look that's distinctively yours**
- **Combines data management with the latest card design technology**
- **Add new cardholders remotely with an Apple iPhone or Android Smartphone**

PremiSys™ Physical Access Control

We realize the safety of your students and faculty is crucial. With the PremiSys™ access control solution we offer an easy-to-use and scalable system that controls access to your education facilities including the security-sensitive areas such as dorms, libraries, labs, classrooms, cafeterias, etc.

Key Features:

- **Monitor Remotely** Control your physical access control system from either an Apple iPhone or an Android Smart Phone
- **Filter Cardholder Access Groups** Restrict and control the access groups that operators can assign to cardholders
- **Active Directory Tie-In** Manage passwords with a link to LDAP
- **ADA Extended Door Time** Grant specific cardholders additional time to use a door
- **Cardholder Reporting** Restrict and control the access groups that operators can assign to cardholders
- **Triggers & Procedures** In case of unauthorized use or other events, the system can be set to lock all doors, shut down a zone or cause any other action
- **Enhanced Elevator Controls** Control and track a cardholder's floor and elevator access
- **Robust Photo ID Software** Create custom card and screen designs with PremiSys ID software

ID Card Printer & Supplies

Printer PVC or all-plastic ID cards for your employee, students, volunteers and visitors. We carry a wide range of printers and supplies from leading manufacturers such as,

- **Epson®**
- **Fargo®**
- **Magicard**
- **Zebra®**
- **New "Smart IDCARD Printer"**
Speed, Durability and Reliability

Attachments

We offer a wide variety of ID attachments for your employees and students to wear, display and use their identification and access cards or keys.

- **Durable badge reels hold up to eight cards without pulling**
- **Reinforced nylon center keeps your badge reel cord from breaking**
- **Custom lanyards with "Twist-Free" wide plastic hooks keep IDs facing forward for faculty and students to see**
- **Gripper 30® securely holds a proximity card without the need for a slot hole**

PassagePoint® EDU Software E-EDU-1

PassagePoint EDU visitor management has been developed specifically for K-12 schools and districts. Watch lists can be imported to provide on-screen warnings of those who should be denied access to school premises. It also notifies staff of VIP visitors and provides accurate information on child custodial issues. Reports on visitors, volunteers, students and others are now readily available to staff members using PassagePoint EDU.

- **Badge visitors to show visits is approved**
- **Import sexual predator lists**
- **Use watch lists for denying entry or identifying VIP visitors**
- **Check photos to confirm adult ID before releasing students**
- **Print temporary badges for students or staff who have forgotten their ID badges**
- **Works with Tempbadge® Self-Expiring school badges**

Security you can see...

Self-Expiring Visitor Badging

Expiring and non-expiring visitor badges clearly differentiate visitors from students and faculty.

- **Self-expiring tamperproof process changes color when badge is no longer valid**
- **Manually issue or print from your existing visitor management system**
- **Color change prevents reuse and the need to collect expired badges**
